FOREWORD

It is with great pleasure that we present this, the 1943 edition of the Andrews Real Property Directory for the County of San Francisco.

Our city of San Francisco has taken great forward strides in the last two years and this is only a token of what she will accomplish over the next few years. Large tracts of formerly barren land are now covered with beautiful homes, and occupied by citizens of sound economic standing. A period of strong growth has begun and the termination of this war will see a still greater expansion.

Much of the credit for this book is due Mr. Russell L. Wolden, County Assessor, and his efficient staff, and to Mr. S. J. Rosenblum, head of the Central Permit Bureau, and his staff of the House Numbering Division.

EXPLANATION:

The FIRST COLUMN shows the STREET ADDRESS of the PROPERTY.

EVEN numbered sides of streets are shown first, followed by the ODD numbered sides.

The SECOND COLUMN the LOT and BLOCK NUMBER. The block number is always preceded by the number sign (#) and is placed at the top of the LOT series.

The NAME of the owner then appears in the THIRD COLUMN.

When the PROPERTY is UNIMPROVED the letter "V" appears in the ADDRESS COLUMN and when a building's street address is unknown the letter "B" is shown.

Wherever possible the nearest CROSS-STREET is shown when the property is UNIMPROVED.
